

A General Meeting of Shareholders shall be considered properly convened (having a quorum) if the shareholders who own in aggregate more than 50% of the votes granted by the voting shares of the Company are present at the meeting.

Shareholders owning at least 2% of the Company's voting shares may propose items to be included in the agenda of Annual General Meetings of Shareholders and may put forward candidates for election to the Board of Directors and Audit

Commission of the Company as and when prescribed by the Federal Law and the Company's Charter.

Voting at the General Meeting of Shareholders is conducted in accordance with the "one share, one vote" rule, unless otherwise provided for in the Federal Law. Members of the Company's Board of Directors are elected through cumulative voting, i.e. the number of votes held by each shareholder is multiplied by the number of persons to be elected to the Board of Directors.

Appendixes

In 2017, the Company's Board of Directors approved the amended version of MMC Norilsk Nickel's Information Policy Regulations, which primarily seeks to provide stakeholders with full and reliable information on the Company's operations and collect feedback.

In line with its key disclosure principles, the Company strives to provide any information on a regular and timely basis and make it available to stakeholders on the basis of equal rights and opportunities. We also work to ensure that the information is reliable and complete while maintaining a reasonable balance between transparent operations and business considerations. The Company provides updates in the media and on its corporate website at <https://www.nornickel.ru/>.

The Company's disclosure procedures comply with the Russian law, the rules of the Moscow Exchanges and international regulations.

MMC Norilsk Nickel also seeks to improve transparency by releasing additional information in excess of that required by the law. The Company discloses information to shareholders and investors through the following channels: press releases, presentations, annual reports, CSR reports,

statements on material facts, disclosure feeds, and RNS. The Company makes a point of parallel disclosure in domestic and foreign markets.

The Company's quarterly disclosures include operating indicators, the issuer's quarterly reports, RAS financial (accounting) statements, and affiliates lists. IFRS statements are disclosed on a semi-annual basis. The IFRS disclosures are followed by conference calls and webcasts of the Company's senior management with analysts and investors for the purpose of providing the market with the required information and comments. In addition, to enhance transparency, the Company makes extensive use of all communication tools available, including participation of senior managers in conferences, speeches, presentations, investor days, and production site visits for investors

The Company engages in an ongoing dialogue with both existing shareholders and potential investors. During the past year, the Company maintained close interaction with the investor community and shareholders, organising over 350 meetings with institutional investors and an Investor Day in London followed by a road show in Europe and the US.

ESG: environmental protection, social responsibility and corporate governance

In recent years, the sustainable development agenda has been gaining ground, with an increasing number of investors and asset managers opting for responsible investment.

In 2017, the Company held around 20 target meetings with investors centred around environmental protection, social responsibility and corporate governance (ESG).

To improve interaction with investors and agencies engaged in assessing the Company against ESG criteria, Nornickel set up a dedicated section on its website that features all the required information: <https://www.nornickel.com/investors/esg/>

Also, it developed an ESG databook providing information on ESG indicators starting from 2010.

Our key ESG achievements :
